

*8th Annual Wilbraham Event, Sat 7/8/17
The Barn, 83 Bennett Road, Wilbraham, MA 01095*

Gather at The Barn for coffee & doughnuts 7:30am.-9:00 There will be two groups leaving the barn for the hill climb event as not to impede the racers. The first group leave's at 9:30 sharp. The second group will be for the after lunch session and leave for the hill climb at 1:30 Those who wish to stay back can jump into the informal tech sessions which will be going on throughout the day. Snacks , burgers, dogs, brats, sausage/peppers/onions, chili, sides and beverages will be provided throughout the day and evening. Return from the hill climb will be at noon or 3:00. Other times may be available but we are trying to be good event partners and not interrupt the action to often. There are two lifts available for tech sessions or maybe you just want to get your car in the air and check everything out! There will be plenty of 928 gurus in attendance so this is the perfect time to get some solid 928 advice. We are open to ideas for tech session items and offers to present them. Nothing formal here, most of them take shape as we go along and we all learn something new.
