Accident / Damage Indicator

CARFAX receives information about accidents in all 50 states, the District of Columbia and Canada. Different information in a vehicle's history can indicate an accident or damage, such as: salvage auction, fire damage, police-reported accident, crash test vehicle, damage disclosure, collision repair facility and automotive recycler records. Not every accident or damage event is reported and not all reported are provided to CARFAX. Details about the accident or damage event when reported to CARFAX (e.g. severity, impact location, airbag deployment) are included on the Vehicle History Report. CARFAX recommends you obtain a vehicle inspection from your dealer or an independent mechanic.

- According to the National Safety Council, Injury Facts, 2007 edition, 7% of the 245 million registered vehicles in the U.S. were involved in an accident in 2005. Over 75% of these were considered minor or moderate.
- CARFAX depends on many sources for its accident / damage data. CARFAX can only report what is in our database on 8/17/13 at 11:39:33 PM (EDT). New data will result in a change to this report.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform owners of car defects that have come to the manufacturer's attention. Recalls also suggest improvements that can be made to improve the safety of a particular vehicle. Most manufacturer recalls can be repaired at no cost to you.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1994 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

This checklist utilizes information from your CARFAX report to help you make an informed used car purchase.

General Questions

- Recall reported:** Recall items can often be fixed free of charge by the manufacturer. Ask the seller about this service.
- Is the car still under manufacturer warranty or is a warranty available at the time of purchase?

Test Drive and Visual Inspection

- Turn on the ignition without starting the car. Do all the warning lights and gauges work?
- Ensure the airbag light appears momentarily and goes out upon starting the vehicle.
- Is the odometer consistent with the last reading of 103,147 on the CARFAX report summary above?
- Do the tires appear to be in good shape and without uneven wear?
- Test all internal controls. Do all lights, turn signals, windows and the heater and air conditioner work?

Mechanical Questions

- Accident / Damage reported:** You may want to have the dealer, a mechanic, or body shop inspect the repair.
- Does the vehicle appear to have been well maintained?
- When should you schedule the next regular service?
