PRODUCT NEWS

PORSCHE 991 GT3 / GT3 RS 2013- & 2016-

991 GT3 2013- • 991 GT3 RS 2016-

PART NO FRONT: POF 5R00 • PART NO REAR: POF 6R00 • CHASSIS CODE: 991

The Porsche Club Sport Kit features the Öhlins well known TTX (Twin-Tube) technology. The unique combination of a 46 mm, two way adjusted, through rod and lightweight McPherson strut for the front and a 36 mm lightweight rear mounted TTX shock will completely transform your car.

The Öhlins Club Sport kit use the technology derived from Touring cars and GT3 racing but in this version, the shocks are also set up for street use. With the club race kit you will cut seconds of your lap times compared to the standard setup on the racetrack, and you are only a few clicks away from the street comfort setting.

With more adjustability options, you are able to fine-tune the suspension setting for each individual track as well as the tires you chose to use. Öhlins professional test drivers have tested all settings to find the optimum performance so you can focus on the driving.

GENERAL FEATURES
