

Engine	6 cyl
Drive Type	2WD
Transmission	Automatic
Vehicle Type	Coupe
Exterior Color	Blue

Description:

Hey everyone! Looking to let go of this car that I dreamt of when I was younger. Alas, when I purchased the car CPO from Porsche of Danbury, I didn't think I'd be starting a family with my wife so soon - but here we are! So basic specs:

2015 991.1 GT3, clean title and Carfax with no accidents

PTS Ice Blue Metallic

40,7XX miles (will slowly creep up as I drive it more)

Adaptive 18 way sports seats

PCCB

Front axle lift

White instrument dials

LED Headlights

Fuel cap with aluminium finish

Extended fuel tank

Here's the vin analytics: <https://vinanalytics.com/car/WP0AC2A96FS184247/>

Now on to the mods: **ALL** services were done by Porsche of Larchmont, Speedsport Tuning, ACI Dynamix, and AutoCouture. No penny was pinched and I always ensured that oil changes were done on time or when recommended by Porsche of Larchmont. I'll haggle to high hell for parts, but happily spent for quality service. The names listed above are reputable and did excellent work on the car with no issues.

OEM Porsche Cup fenders/front flip painted to match the PTS exterior (parts provided by Jamie @ Dundon Motorsports, painted by Speedsport Tuning) (\$1500ish)

OEM Porsche Cup front splitter to match the fender flares (\$192)

Vorsteiner VFN 512 20"/21" custom 2 piece wheels made specifically for cup fenders with aggressive fitment (\$4,050)

Michelin Pilot Sport 4S , 265/30/20 up front and 325/25/21 out back (\$1,550)

991.2 steering wheel with alcantara top and bottom and perforated leather at 9 and 3, with yellow
