 Blue Grass MOTORSPORT
Built on Performance

Maintaining the Beauty and Performance of Your 911

The Porsche Multi-Point Inspection Report

The Porsche Multi-Point Inspection Report is completed by our Factory-trained Porsche Technicians every time you bring your vehicle to Blue Grass Motorsport for service.

Details & Description

- **Vehicle underside and engine compartment:** Visual inspection for leaks (oils and fluids) and abrasion (lines and hoses)
- **Underbody panels:** Visual inspection for completeness, secure installation and damage
- **Engine compartment:** Visual inspection for damage
- **Underbody covers:** Visual inspection, check that all are securely fastened, replace any damaged or missing panels
- **PDCC:** Check fluid level
- **Check drive belt**
- **Steering Gear:** Visual inspection of the dust boots for sign of damage
- **Tie rod ends:** Check play and dust boots
- **Power steering:** Check fluid level
- **Fuel lines and connections:** Visual inspection for damage and leaks
- **Coolant hoses:** Check condition
- **Radiator and air intakes:** Visual inspection for external debris & blockage
- **Coolant:** Check level and antifreeze protection level

PORSCHE

Maintenance Schedule

Scheduled maintenance

The recommended service intervals and scope of work apply under normal driving conditions and do not take into account all optional equipment.

Dusty areas require more frequent checking and possible replacement of the air filter elements.

If the vehicle is driven on very dirty roads, the radiators and cooling-air inlets in the front should be checked and cleaned regularly.

Tire, clutch, brake pad and brake disc wear as well as the condition of the engine oil, the transmission fluids and the brake fluid (e.g. in the case of sporting events) are all largely dependent on driving habits, and are also affected by adverse operating conditions; this could mean shorter intervals between servicing and replacement.

Time-dependent maintenance

Intermediate maintenance: If the mileage for scheduled maintenance is not reached, intermediate maintenance must be performed after 2, 6, 10 ... years at the latest.

Maintenance: If the mileage for scheduled maintenance is not reached, maintenance must be performed after 4, 8, 12 ... years at the latest.

Proper care and maintenance will preserve the value of your Porsche and safeguard its functional capability. This will also protect your right to make warranty claims.

The terms “inspect” and “check” includes all associated work such as checking the condition, adjustments, readjustments, corrections and replenishment. They do not include the repair, replacement or overhaul of components or assemblies.

Porsche 911 Service Pricing

10,000 mile Annual Service/Every 12 Months

- Full Synthetic Oil & Filter Service
- Complete Multi-Point Inspection Report

911 Carrera/S/GTS	\$270.82
911 Turbo/Turbo S (excludes GT2, GT3).....	\$286.23
911 Carrera (model 991).....	\$286.23

If the mileage for scheduled maintenance is not reached, maintenance must be performed after 1, 2, 3 ... years at the latest.

If the mileage for scheduled maintenance is not reached, maintenance must be performed after 1, 2, 3 ... years at the latest.

Electrics

- Windshield wiper/washer system, headlight washer: Check function and nozzle settings
- Horn: Check function
- Tires and spare wheel: Check tire pressure
- Diagnosis system: Read out fault memory; reset maintenance interval

Outside the vehicle

- Check wiper blades
- All headlights: Check adjustment
- Radiators and air intakes: Visual inspection for external soiling and blockage

Under the vehicle

- Brake lines: Visual inspection for damage, correct routing and corrosion
- Brake system: Visual inspection of brake pads and brake discs for wear
- Brake hoses: Visual inspection for damage
- Tires and spare wheel: Check condition
- Drive shafts: Visual inspection of the boots for leaks and damage

During road or dynamometer test:

- Remote control, front seats, electric parking brake and foot brake (also operating travel), engine, steering, transmission, ParkAssist, automatic speed control, PSM switch, heating, air conditioning and instruments: Check function
- Oils, fluids: Visual inspection for leaks

Porsche 911 Service Pricing

20,000 mile Intermediate Maintenance Service

- Full Synthetic Oil & Filter Service
- Complete Brake Fluid Flush & Fill
- Complete Multi-Point Inspection Report
- Replace Cabin Air Filter

911 Carrera/S/GTS	\$639.18
911 Turbo/Turbo S (excludes GT2, GT3).....	\$639.18
911 Carrera (model 991).....	\$648.17

If the mileage for scheduled maintenance is not reached, intermediate maintenance must be performed after 2, 6, 10 ... years at the latest.

Electrics

- Windshield wiper/washer system, headlight washer:
Check function and nozzle settings
- Horn: Check function
- Diagnosis system: Read out fault memory; reset maintenance interval
- Tires: Check tire pressure (TPM)

Luggage Compartment (front)

- Check lock and safety hook of the front lid to ensure that they are seated firmly and function properly
- Air intake pre-filter: check element
- Windshield wiper/washer system: Check fluid level; check window cleaner or antifreeze, depending on time of year

Outside the vehicle

- Check wiper blades
- All headlights: Check adjustment
- Radiators and air intakes: Visual inspection for external soiling and blockage

Under the vehicle

- Tires and spare wheel: Check condition
- Brake lines: Visual inspection for damage, correct routing and corrosion
- Brake hoses: Visual inspection for damage
- Brake system: Visual inspection of brake pads and brake discs for wear
- Drive shafts: Visual inspection of the boots for leaks and damage
- Tire sealant: Check shelf-life
- PDCC and power steering: Check fluid level
- Coolant: Check level and antifreeze

During road or dynamometer test:

- Remote control, front seats, electric parking brake and foot brake (also operating travel), engine, steering, transmission, ParkAssist, automatic speed control, PSM switch, heating, air conditioning and instruments:
Check function
- Oils, fluids: Visual inspection for leaks

Porsche 911 Service Pricing

30,000 mile Annual Maintenance Service

- Full Synthetic Oil & Filter Service
- Complete Multi-Point Inspection Report
- Replace Spark Plugs (Turbo/Turbo S)

911 Carrera/S/GTS	\$270.82
911 Turbo/Turbo S (excludes GT2, GT3).....	\$1110.52
911 Carrera (model 991).....	\$286.23

If the mileage for scheduled maintenance is not reached, maintenance must be performed after 1,2,3 ... years at the latest.

Electrics

- Windshield wiper/washer system, headlight washer:
Check function and nozzle settings
- Horn: Check function
- Tires and spare wheel: Check tire pressure
- Diagnosis system: Read out fault memory; reset maintenance interval

Outside the vehicle

- Check wiper blades
- All headlights: Check adjustment
- Radiators and air intakes: Visual inspection for external soiling and blockage

Under the vehicle

- Tires and spare wheel: Check condition
- Brake lines: Visual inspection for damage, correct routing and corrosion
- Brake system: Visual inspection of brake pads and brake discs for wear
- Brake hoses: Visual inspection for damage
- Drive shafts: Visual inspection of the boots for leaks and damage
- Coolant: Check level and antifreeze

During road or dynamometer test:

- Remote control, front seats, electric parking brake and foot brake (also operating travel), engine, steering, transmission, ParkAssist, automatic speed control, PSM switch, heating, air conditioning and instruments:
Check function Oils, fluids: Visual inspection for leaks

Porsche 911 Service Pricing

40,000 mile Maintenance Service

- Full Synthetic Oil & Filter Service
- Replace Cabin Air Filter
- Replace Engine Compartment Air Filter
- Replace Spark Plugs (excludes Turbo/Turbo S)
- Complete Brake Fluid Flush & Fill
- Replace Tire Sealant

911 Carrera/S/GTS	\$1666.29
911 Turbo/Turbo S (excludes GT2, GT3).....	\$1031.42
911 Carrera (model 991).....	\$1502.37

If the mileage for scheduled maintenance is not reached, maintenance must be performed after 4, 8, 12 ... years at the latest.

Electrics

- Horn: Check function
- Tires and spare wheel: Check tire pressure
- Windshield wiper/washer system, headlight washer: Check function and nozzle settings
- Diagnosis system: Read out fault memory; reset maintenance interval

Inside the vehicle

- Seat belts: Check function and condition
- Door lock: Check function

Luggage Compartment (front)

- Check lock and safety hook of the front lid to ensure that they are seated firmly and function properly
- Air intake pre-filter: check element
- Windshield wiper/washer system: Check fluid level; check window cleaner or antifreeze, depending on time of year

Outside the vehicle

- Check wiper blades
- All headlights: Check adjustment
- Tires and spare wheel: Check condition
- Brake hoses: Visual inspection for damage
- Brake fluid: Replacement of brake fluid
- Tire sealant: Check shelf-life, replace if necessary
- Brake system: Visual inspection of brake pads and brake discs for wear
- Radiators and air intakes: Visual inspection for external soiling and blockage

Under the vehicle

- Underbody panels: Visual inspection for completeness, secure installation and damage
- Visual inspection for leaks (oils and fluids)
- Brake lines: Visual inspection for damage, correct routing and corrosion
- Steering gear: Visual inspection of the bellows for damage
- Tie rod joints: Check the play and dust bellows
- Drive shafts: Visual inspection of the boots for leaks and damage
- xle joints: Check the play and visually inspect the dust bellows for damage
- Exhaust system: Visual inspection for leaks and damage, check engine mount

SELECT MAINTENANCE SERVICE

Brake Fluid Flush

\$174.10

Includes purging of all brake fluid from system, refill with new brake fluid, bleed hydraulic system and check all hydraulic components for leakage

Air Conditioning Service

\$154.10

Includes cleaning condenser fins, evaporator drain, connect gauge to check compressor operation and a visual inspection of hose couplings for leaks

Cooling System Service

\$268.10

Includes pressure testing the cooling system and cap, visual inspection of all coolant hoses, drain and refill with new coolant

Appearance Care

\$275.50

Includes hand washing and waxing of exterior, cleaning and dressing all exterior rubber and vinyl, interior vacuum, shampooing interior fabric and dressing all leather

Suspension and Steering Service

\$179.20

Includes 4 wheel alignment, adjusting toe, camber and caster where applicable

Balance all Four Wheel

\$79.10

Standard balance

Balance all Four Wheel

\$174.15

Road force balance
