Friday Wayah Road

Loads of curves, plenty of elevation change, and none of the hype. The Wayah Road Loop features one of our favorite and obscure roads, Wayah Road. We'll depart Fontana Village via the Hellbender and head toward Bryson City, on Highway 28 (a fun, curvy road), continuing on to Franklin. We'll stop for lunch in Franklin and then continue on to Wayah Road, nearly 30 miles of secluded twists and turns. After taking on Wayah, we'll head north along the scenic and curvy highway 74, and then head back to Fontana Village.

This drive is approximately 4 hours, including stops.

Group Leader: Blaine Zartner, Audi RS5

Sign Up For This Drive is Closed.

This is a 2016 Drive, sign up for it is long since closed. QDM 2017 Drives are **not** yet open. Drive sign-ups will open once registration has closed, and the committee has finalized the drive list. This requires working with over a dozen volunteer driver leaders to plan each route.

We've left the 2016 drive pages up for your reference. We expect to have a similar mix of drives available this year.

We will send out an email to all registered attendees before sign-up opens, and let you know exactly when it will open. Thank you for your patience!
