Internal

PORSCHE
EXCLUSIVE MANUFATUR

Concept

Just days after its world premiere, a very special GT3 RS show car was revealed at Monterey Car Week to mark the **50th anniversary of the historic 911 Carrera RS 2.7**. The project was created in close coordination between the GT Model Line, Style Porsche, Porsche Exclusive Manufaktur and PCNA. It serves as an **homage to the first 911 „RS“ from 1972** and at the same time represents a reinterpretation of the iconic white/green configuration. The show car, which immediately catches your eye with its green wheels, mirrors and side stripes/lettering, impressed the audience after the first

presentation by Andreas Preuninger (Director GT Model Line) and Kjell Gruner (President & CEO PCNA). It piqued the curiosity of US customers and a potential offer of this exclusive package for the US market.

Inspired by the GT3 RS show car, the **“Tribute to Carrera RS Package”** is now available from the **Porsche Exclusive Manufaktur** for the US market only. The package brings the look of the historic 911 Carrera RS 2.7 back to the new GT3 RS with numerous exclusive exterior and interior features. The GT3 RS with **Tribute to Carrera**

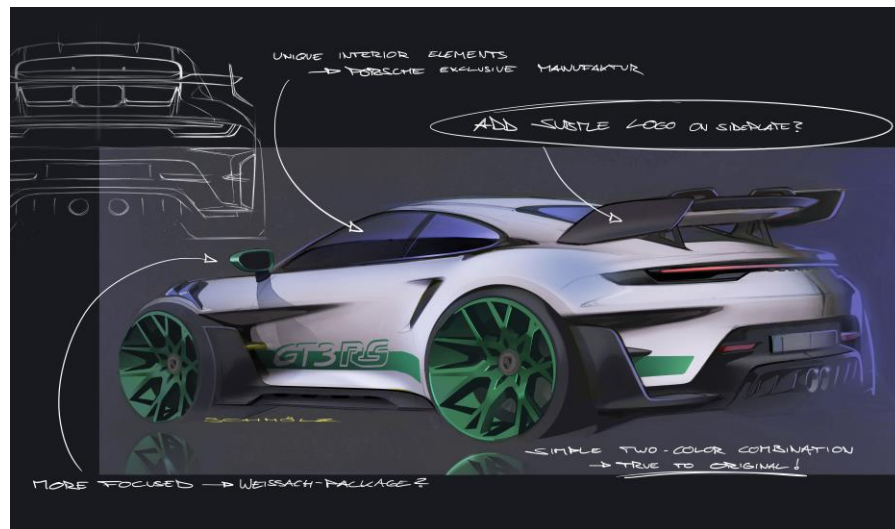

RS Package always comes in its sportiest version – **with the Weissach Package**. The overall package also includes a unique Porsche Design timepiece, an NFT (non-fungible token) and many other items exclusively designed to compliment the Tribute to Carrera RS Package.
