

PORSCHE®

PORSCHE SCHEDULED MAINTENANCE PLAN AGREEMENT

Excludes California

The Porsche Scheduled Maintenance Plan (PSMP) offers coverage of the scheduled maintenance services for your Porsche vehicle for a prescribed period of time and mileage depending on which plan you have purchased as indicated below. A description of the actual maintenance operations and service intervals is found in the Maintenance Guide included with your Owner's Manual Package. **Terms and Conditions have to be provided to you by your Porsche Dealer.** This Agreement is not valid until signed by both you and your authorized Porsche dealer. The terms of this Agreement are effective as of September 9, 2020, and thereafter, until otherwise indicated by Porsche Cars North America, Inc. (PCNA). Once purchased, this PSMP Contract is non-refundable unless otherwise provided by state law.

Porsche Scheduled Maintenance Plan

The boxes below indicate which of the available plans you have purchased. Pricing varies by vehicle model. Please see MSRP pricing in the PSMP Terms and Conditions. The price you paid is shown below.

Plan Type	Plan Description
Plus 4 (Turbo) 2019+	4 Year Addition / 50,000 Mil.

PSMP purchase price paid:	\$ 5035

PORSCHE SCHEDULED MAINTENANCE PLAN AGREEMENT

Excludes California

PURCHASE

PSMP is available for customer purchase at authorized Porsche Dealerships in the United States. **If purchased in the United States, all scheduled maintenance services must be completed by an authorized Porsche Dealer in the United States in order to qualify under PSMP.** Services must be scheduled with an authorized Porsche dealer and the vehicle must be brought in or delivered to the dealer's location to obtain service.

Any new Porsche vehicle purchased from an authorized Porsche Dealer that has been in-service less than 2.5 years/25,000 miles and has not had its second maintenance performed is eligible for PSMP (beginning with Model Year 2018). [NOTE: A vehicle originally placed in-service as a dealer demonstrator or service mobility unit may have an in-service date that precedes the date of your retail purchase or lease of the vehicle.] **No services performed before the plan purchase date will be covered by the plan.**

PSMP COVERAGE AND EXCLUSIONS

PSMP includes:

Scheduled maintenance services in the second, third, fourth, fifth, or sixth years of ownership depending on the plan you have purchased. A description of the actual maintenance operations and service intervals is found in the Maintenance Guide included with your Owner's Manual Package. The services correspond to the time or mileage reached up to the limits of your plan's coverage.

Choosing the Right Event

The Manufacturer's suggested maintenance service intervals are usually **due every 1 year from the vehicle's original in-service date or every 10,000 miles, whichever comes first**, depending on your model. We recommend consulting your vehicle's Maintenance Guide and local dealership for specific information. **Scheduled Maintenance services must be performed within 5,000 miles or six months of the manufacturer's suggested service interval.** If the vehicle is brought in beyond these parameters, your service advisor will recommend the best service for your vehicle at that time based on age and mileage on the vehicle.

Missed Events

All events for a purchased plan will stay open until six months after the last event is due, at which point, any remaining unused portion of your purchased plan will expire and will no longer be covered by PSMP. Expired events are non-refundable and non-transferable.

For complete details regarding scheduled maintenance services, please consult your Porsche Owner's Manual and Maintenance Guide.

PORSCHE®

PORSCHE SCHEDULED MAINTENANCE PLAN AGREEMENT

Excludes California

What This Plan Does Not Cover:

The first scheduled maintenance, which is included in the purchase price of the vehicle beginning with Model Year 2018 on internal combustion engine (ICE) vehicles. All parts or services not listed in the Maintenance Guide are not covered under PSMP. Examples of those items not covered include, but are not limited to: mechanical breakdown repairs, hoses, wheel alignment and balancing, tires, and wiper blades. Brake pads are not covered on ICE vehicles, but will now be offered in the 6-year/60,000-mile service on Battery Electric Vehicles (BEV). PSMP does not cover maintenance services that are not performed by an authorized Porsche dealer, waste disposal, loss of time, inconvenience, or other incidental or consequential loss.

TRANSFERABILITY

PSMP coverage remains with the vehicle for which it was originally purchased and can be used by subsequent vehicle owners. **PSMP is not transferable to subsequent vehicles purchased by the same owner or lessee.**

Once purchased, this PSMP Contract cannot be canceled and is non-refundable unless otherwise provided by state law.

PSMP may be cancelled if the vehicle covered by the plan has been repossessed by a lien-holder.

KEY BENEFITS:

- Secure your vehicle maintenance costs over the two, three, four or five year period.
- Minimize the impact of a single Scheduled Maintenance bill that could reach several hundred dollars.
- Visit any participating Porsche Dealer in the United States for recommended service maintenance.
- Rest easy knowing you will not have to worry about price increases or dealer labor rates.
- Know your Porsche will be running in its optimal condition.

Please refer to your Maintenance Booklet for your specific vehicle's maintenance needs. Additional maintenance for track use is not taken into consideration. The majority of vehicles will need to visit any participating Porsche Dealer at the intervals indicated below:

(Time intervals are based on the vehicle's original in-service date):

Scheduled Maintenance*	1 yr/ 10,000 mls	2 yrs/20,000 mls	3 yrs/30,000 mls	4 yrs/40,000 mls	5 yrs/50,000 mls	6 yrs/60,000 mls
Internal Combustion Engine (ICE)	X	X	X	X	X	
Battery Electric Vehicle (BEV)		X		X		X

*Service intervals are based on the time/mileage - whichever comes first.
