Dear Mr. Ireland,

As a follow-up to our conversation last month, our vehicle sales department informed me that in model year 1995 we imported a total of 24 Riviera Blue 911s, of which 17 were Coupes and 7 were Cabriolets.

While cleaning out my closet at home I found this January issue of Road and Track. If you don't have it already, I thought it would be of interest.

Enjoy your beautiful automobile.

Best regards,

Dear Mr. Ireland,

Congratulations on the purchase of your 1995 Riviera Blue 911 Carrera Coupe.

David Martin has forwarded a copy of your letter to Reno so that we may provide you with some additional information about your vehicle.

Our public relations department provided the following history:

In Service Date March 1994

Press duties in Boston, Washington, D.C., New York, and Philadelphia

Used in photo shoots by our public relations department

Porsche Parade (1994 and 1995)

Appeared at the 1994 Pittsburgh Vintage Race

Loaned to Motorweek

Returned to press duties in Philadelphia, New York, Boston and Washington, D.C.

Moved west and loaned to Road and Track Magazine

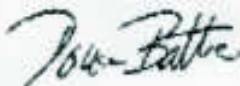

Final use: SEMA Show-Las Vegas October 1995 at the BBS Wheels Display

Since your vehicle was at the 1994 Porsche Parade it may be the same car that Mr. Henderickson wrote about in the September 1995 issue of Panorama.

Concerning the segment with Danny Sullivan and Hurley Haywood, the vehicle they drove around Daytona Raceway was a silver coupe. This was the first coupe in the 993 series to be produced. I have asked our fulfillment center to send you a video that contains the longer segment shown at our auto shows.

I hope that this information will be helpful to you. We appreciate your patronage and continued interest in Porsche.

Best regards,

Doug Battie
