Accident / Damage Indicator

CARFAX receives information about accidents and other damage in all 50 states, the District of Columbia and Canada. Different information in a vehicle's history can indicate an accident or damage, such as: salvage auction, fire damage, police-reported accident, test vehicle, damage disclosure, collision repair facility and automotive recycler records.

Damage is caused by an accident. Some damage could be caused by events such as vandalism, hail, water or fire. Not every accident or damage event is reported and not all reported are provided to CARFAX. Details about the accident or damage event reported to CARFAX (e.g. severity, impact location, airbag deployment) are included on the Vehicle History Report. CARFAX recommends you obtain a vehicle inspection from your dealer or an independent mechanic.

According to the National Safety Council, Injury Facts, 2015 edition, 8% of the 254 million registered vehicles in the U.S. were involved in an accident in 2013. Over 74% of these were considered minor or moderate.

CARFAX depends on many sources for its accident / damage data. CARFAX can only report what is in our database on 1/3/18 at 10:50:03 AM (EST). New data will result in a change to this report.

Owner

The first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

Ownership defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle's ownership history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Some owners sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title

A title provides a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration reported on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
