

Congratulations,

In selecting a Porsche, you have chosen a special and exceedingly rare breed of automobile. One born in the art of hand craftsmanship, with sporting bloodlines as genuine as the exhaust note. Every Porsche we build is a monument to authenticity... and the kind of unflinching performance that transforms the daily driving routine into one of fun, freedom and pure excitement.

I would like to personally thank you for choosing to become a member of the Porsche family of owners. No other carmaker in history has managed to push innovation so far forward while remaining true to the soul of its ancestry. The Porsche in your driveway has been meticulously engineered with one purpose in mind: to fuel a driver's passion for performance, precision and the pure joy of the open road. Your Porsche Approved Certified Pre-owned vehicle has gone through a 111 point mechanical and cosmetic inspection to ensure your purchase meets all the Program's standards.

Porsche Cars North America is proud of the relationship we have with our customers and want to keep you as informed as possible. Upon delivery of your Porsche Approved Certified Pre-Owned vehicle, your selling dealer should have provided you with a Statement of Certification and a Porsche Approved Limited Warranty Booklet along with your Porsche Approved Certified Pre-owned Owner Cards.

To discover the many benefits of Porsche ownership, I encourage you to review the materials enclosed with your Welcome Kit. For more information on all of the unique programs and services available to Porsche owners, please contact your authorized Porsche dealer.

Once again, welcome to the Porsche family and congratulations on your purchase of a very special automobile - one capable of igniting your senses and sense of adventure like nothing else on the road today.

Wishing you a lifetime of rewarding journeys,

Detlev von Platen
President and Chief Executive Officer
