Overview of approved Porsche A40 engine oils (03/20)

Model year:

as of 1984

Information

We have reached an agreement with the mineral oil companies, which involves setting a time limit on the validity of our engine oil approvals. The period of validity is between 2 and 3 years. The expiration date of the approval is given in the last column in the list. Once this validity period has elapsed, the approval in question is revoked unless an extension is requested by the relevant manufacturer.

Vehicle type:

All Porsche vehicles for which Porsche A40 engine oils are allocated.

Note: Porsche offers special Classic oils for Porsche Classic vehicles (manufactured between 1948 and 2005). The individual products are listed in the Manufacturer's Certificate "Recommended engine oils for Classic vehicles". Porsche recommends that you use Classic oils for Classic vehicles.

CAN	Canada	UAE	United Arab Emirates
CH	Switzerland	UKR	Ukraine
CHN	China	VNM	Vietnam
DEU	Germany	ZA	South Africa

Miscibility:

All engine oils approved by Porsche can be mixed provided they are of the same Porsche oil specification. This means that it is not necessary to flush the engine when the oil is changed if another type of oil is used. However, since every brand of oil has a specially adapted unique composition, the same brand and type of oil should be used for topping up between oil change intervals if possible.
