**Thermally Insulated Glass – Interference with Toll Transponder, Garage Door Openers and Radar Detectors**

Binder - Advanced Technical Information

This bulletin replaces bulletin Group 6, #802, dated 10-1-08.

Vehicle Type: **All Cayenne with Option PJ1 “Thermally Insulated Glass”**  
 Note: Referenced as “Heat-absorbing Glass” in 2004 Intro Book

Model Year: **2003 - 2009**

Information: The metallic film within the optional heat absorbing glass will block the RF signals used by Automatic Toll Transponders, Garage Door Openers and Radar Detectors. Therefore, an opening in the metallic film has been provided at the top of the windshield behind the rear view mirror for positioning these devices (see Figure 1).

 Cayenne Optional Thermally Insulated Glass

**Important Notice:** Porsche Cars N.A Technical Bulletins are intended for use by professional technicians, not a “Do-it-yourselfer.” They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Special tools may be required to perform certain operations identified in these bulletins. Use of tools and procedures other than those recommended in these bulletins may be detrimental to the safe operation of your vehicle. Properly trained technicians have the equipment, tools, safety instructions and know-how to do a job properly and safely. If a condition is described, do not assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your Porsche Dealer for information on whether your vehicle may benefit from the information. Part numbers listed in these bulletins are for reference only. Always check with your authorized Porsche dealer to verify correct part numbers.
