

RS 29 Yellow Pad Set

RS29 combines the outstanding wear rate of the RS19 with a slightly higher coefficient of friction and initial bite. Due to its excellent driveability PAGID endurance materials are also often used for sprint races.

Application: All endurance racing cars from group N (Speed-WC, Grand Am Cup), Group A up to GT and Sport-Prototypes (Grand Am DP).

Direct Fit:

- 1997-2005 996 3.4C & 3.6 (Front Fitment)
- 2001-2005 996 C4S (Rear Fitment)
- 2001-2005 996 Turbo (Rear Fitment)
- 2005-2012 Carrera S & Carrera 4S (Rear Fitment)
- 2002-2005 996 GT3 (Rear Fitment)
- 2002-2005 996 GT2 (Rear Fitment)
- 2005-2008 997 Carrera & Carrera 4 (Front Fitment)
- 2000-2005 Boxster S 986 (Front Fitment)
- 2005-2012 Boxster S (Front Fitment)**
- 2006-2012 Cayman S (Front Fitment)**

2405

Also compatible with models with upgraded 6-piston 350 mm brakes without Ceramic Brakes:

- 2001-2005 996 Turbo (Rear Fitment)
- 2002-2005 996 Carrera 4S (Rear Fitment)
- 2005-2012 Carrera S or 4S (Rear Fitment)

Designed to be the very best that motorsport has to offer, PAGID race pads have a long history of excellent results both on and off the racetrack.

Note: not compatible with all factory anti-squeal shims & rattle clips. Some installations require removal of brake wear sensors. In some cases the wear sensor may be ziptied out of the way.

Note: "**" 2005-2006 models may require the newer design 997 caliper spring kits.
