

### **RS 29 Yellow Pad Set**

RS29 combines the outstanding wear rate of the RS19 with a slightly higher coefficient of friction and initial bite. Due to its excellent driveability PAGID endurance materials are also often used for sprint races.

Application: All endurance racing cars from group N (Speed-WC, Grand Am Cup), Group A up to GT and Sport-Prototypes (Grand Am DP).

#### **Fits:**

- 1997-2005 996 3.4 C & 3.6 (Rear Fitment)
- 2005-2008 Carrera or Carrera 4 (Rear Fitment)
- 1996-2005 986 Boxster (Rear Fitment)
- 1999-2005 986 Boxster S (Rear Fitment)
- 2005-2012 987 Boxster (Rear Fitment)
- 2005-2012 987 Boxster S (Rear Fitment)
- 2006-2012 Cayman (Rear Fitment)
- 2006-2012 Cayman S (Rear Fitment)

# 2406

#### **New Fitment!**

- New Boxster S (981) 2013+ - Rear Fitment
- New Cayman S (981) 2014+ - Rear Fitment

Designed to be the very best that motorsport has to offer, PAGID race pads have a long history of excellent results both on and off the racetrack.

Note: not compatible with all factory anti-squeal shims & rattle clips. Some installations require removal of brake wear sensors. In some cases the wear sensor may of the way.
