

# Introduction to

2024 marks PCA Club Racing’s 33rd year, featuring more than 2,000 licensed racers and 24 sanctioned races this year, more than any other single-make racing organization in the world. PCA Club Racing was established around guiding principles that remain true today, providing a class for all Porsche sports cars for safe, fair, and fun racing.

Join us under the Eurosport canopy on **Friday, August 30<sup>th</sup> at 6p** to learn more from the National event Stewards, Club Racers, and others about the thrill and unique camaraderie that is Club Racing, while enjoying food, beer, and non-alcoholic options, PLUS a raffle for valuable track-related prizes (e.g., gift certificates, event vouchers, tires, etc.—*must be present to win*). This is an event you won’t want to miss!

# Porsche Club of America is a car club that went racing

Racing is not for everyone, but it is a highly addictive sport. Your path to racing begins with your track time at HPDE events, Autocross, etc. Being at this event shows that you have a level of interest. We are here to help you with what you need for the

next steps into racing. PCA Club Racing is a single marque racing club, our race weekends offer the most track time and are designed to be familiar and predictable events. Our culture is to have Safe, Fair and Fun competitive amateur racing.

We have National, West Coast and Mid America Class Championships each year. Every race counts toward National Championship points, the West Coast and Mid America series are track specific.

## PCA Race Weekend Schedule

Race weekends offer the most track time and are designed to be familiar, predictable events. We will host 24 races in 2024 as 2-day or 3-day events. Some have testing on proceeding days. A PCA race week-

end is 2-3 practice sessions, qualifying, and racing in three sprint format or two sprint and an enduro. Registration and tech inspection including a log book or full car and personal safety gear inspection.
