### EPA DOT Fuel Economy and Environment

Plug-In Hybrid Vehicle Electricity-Gasoline

**Fuel Economy** Standard SUVs range from 13 to 101 MPGe. The best vehicle rates 141 MPGe.

**You spend \$4,000 more in fuel costs over 5 years** compared to the average new vehicle.

**Annual fuel cost \$2,300**

Actual results will vary for many reasons, including driving conditions and how you drive and maintain your vehicle. The average new vehicle gets 27 MPG and costs \$7,500 to fuel over 5 years. Cost estimates are based on 15,000 miles per year at \$3.25 per gallon and \$0.13 per kW-hr. This is a dual fueled automobile. MPGe is miles per gasoline gallon equivalent. Vehicle emissions are a significant cause of climate change and smog.
